

## HIGH PERFORMANCE TECHNOLOGY

C368/C308/C258

## Meeting the demands of your dynamic work environment

As your workforce becomes increasingly mobile, your staff and colleagues are looking for greater flexibility. You need to connect seamlessly, so you can focus on whatever you do best. In this new environment, collaboration is key. That's why innovative technology is embedded within our new multi-function printers (MFPs).

#### Simple, flexible and easy to use

We've engineered our new compact A3 bizhub C368, bizhub C308 and bizhub C258 MFPs to allow effortless printing and scanning via the very latest mobile devices. Thanks to our new PageScope mobile application,

red in the simplest possible way. To use the bizhub MFP, the user

simply touches their mobile device against the Mobile Touch Area on the front panel. This enables someone to either print directly from the mobile device – or save scanned data from the bizhub through the mobile application.

#### Intuitive touch screen operations

The bizhub C368/C308/C258 models are very easy to operate, thanks to our intuitive INFO-Palette design, and the new 9-inch touch panel. Functions can be selected with natural swipe, pinch, zoom, drag and drop gestures

just like smart devices. We have continued to refine our technology, so users can benefit from the improved navigation with horizontal scrolling and pop-up menus. Frequently used settings can be saved on the main screen. For security, a PIN-based system can be used to hold jobs until the authorised owner of the documents releases them.

#### Share your ideas anytime, anywhere

With increased workplace mobilty. People are creating formation in many exciting new ways.

That's why we've incorporated a

full suite of connectivity options. The latest industry-leading wireless, mobile and cloud-based services are also supported. For maximum flexibility, you can print and scan via:

Enables printing from a Mac or iOS mobile devices

Mopria Print Service

Share the printer over the web with anyone you choose

Print emails and attachments directly from the local network

PageScope Mobile Application

Pri nt and scan documents, photos and images to and from

Greater connectivity in challenging installation environments

You can also use Wi-Fi Direct, which enable any compatible mobile device to connect on a Peer-to-Peer basis, without relying on the company network.

### Tailor functions to suit your workflow

he innovative new soft and hard menu keys enable the device to understand what you require. And by using the widget function, you can configure menus to display your choice of communications, usage rules and warnings. You'll also enjoy greater flexibility with a remarkably wide range of scan file formats to suit your needs. The modular design and configurations provide a wide range of configurable options.

The iOption accessories allow scanning to OOXML file formats such as PowerPoint or text-searchable file formats so that you can have a wider ability to integrate your documents with your workflow and document management systems. This can give you more advanced document workflow integration, for greater workplace efficiencies.

### Stronger, smarter and more secure

8/C308/C258 offers

greater security, advanced authentication and print management solutions, optional hard disk mirroring, and document protection technology.

All underpinned by a powerful combination of embedded technologies – including a dual core CPU, Emperon Controller, Simitri Toner Technology and a LED-scanning unit. Build quality is impressive, and these are rigorously tested devices, engineered to go the distance.

### Fast speeds and bright colour output

With increased workforce mobility, there are ever-greater demands for speed and efficiency. That's why the bizhub C368 delivers its brilliant full colour output at 36 pages per minute (30ppm for bizhub C308, 25ppm for bizhub C258) at A4 size.

Its 1800 x 600 enhanced dpi print resolution, or 1200 x 1200 real dpi produces vibrant colour office communications, and brings your ideas to life. It also offers high quality scanning at up to 600 dpi. A wide range of print and scan sizes are supported, up to A3. Your business will benefit from more powerful performance, and high quality output with greater impact.

#### Helping your business thrive

Konica Minolta's multi-functional printers deliver the class-leading image quality you

have remote expect from

Konica Minolta. Overall, they offer many benefits for a demanding office environment – such as cost management, workplace efficiency, security and better environmental performance. They'll help your business grow – and bring your ideas to life.

#### Reduced environmental footprint

tart of the manufacturing

process, we have taken great care to follow industry best practice with the use of recycled materials, bioplastics and advanced chemical processing

#### A true technology innovator

shape to ideas. Globally recognised for its award winning products, we work closely with businesses to deliver a range of multifunctional digital imaging solutions for document scanning, printing and electronic archiving and distribution. This consultative

approach can help you further improve efficiency, cut costs, strengthen security and reduce your impact on the environment.

### Easy connectivity

Enjoy a flexible mobile work style by using bizhub C368/C308/C258 together with iOS, Android and Windows 10 mobile devices. Users can take advantage of printing and other bizhub features through their favourite industry standard mobile technolo gies (see below).

#### Convenient Mobile Touch Area

Pair Android mobile devices\*1 with bizhub C368/C308/C258 by simply holding them close to the Mobile Touch Area on the multitouch screen. NFC (Near Field Communication) ensures smooth, quick connections. The Mobile Touch Area can also be used to log in, print files, scan documents and import scanned data.\*2 iOS devices pair using Bluetooth LE (BLE).\*3

- \*1 Android OS 4.4 or higher and Konica Minolta Mobile Print must be installed.
- \*2 Initial setup required for logging in. Wireless LAN environment required for printing and scanning.
- \*3 Optional Device Connection I/F Kit EK-609 is required.

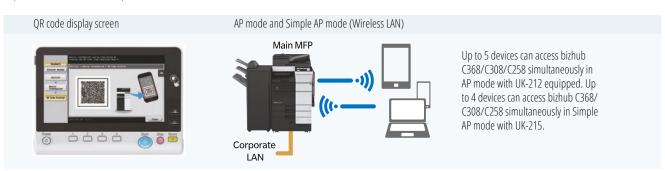

The bizhub Remote Access app allows operation of bizhub C368/C308/C258 from Android devices and iPhone/iPad/iPod touch. Users can wirelessly operate bizhub hardware and software keys, enter data, import scanned data and send data using the mobile device's address book and more.

#### Wireless LAN\*

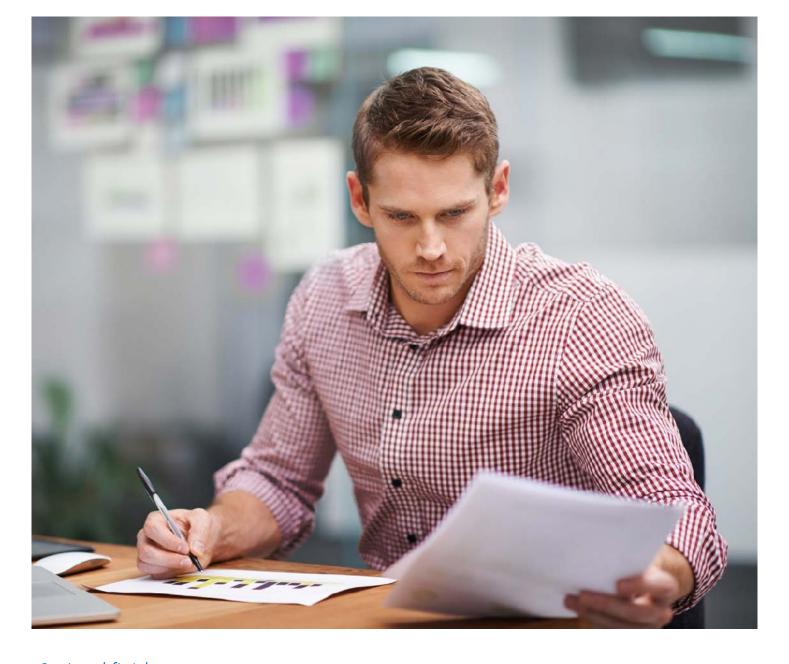

Access Point mode and Simple Access Point mode via Wireless LAN allow computers and mobile devices in your office to wirelessly connect with bizhub C368/C308/C258. This creates a fully independent network that supports BYOD (bring your own device) without additional investment. Connection with your company's existing wireless LAN is also supported.

\* Optional Upgrade Kit UK-212 or UK-215 is required.

# Connect instantly without print drivers to industry standard mobile technologies

### Optional finishers

Three optional finishers are available for post-processing tasks. Optional finishers FS-534 and FS-534SD include stapling functions (up to 50 sheets), a 3,000-sheet capacity unit (2,000 sheets on FS-534SD), booklet functions, folding functions and more. Optional inner finisher FS-533 handles stapling from within compact bizhub dimensions.

Features	Finishing image	FS-534 <sup>1,2</sup>	FS-534SD <sup>1, 2</sup>	FS-533	JS-506
Sorting (offset sorting)	Paper output position is shifted for each set	0	0	0	0
Stapling	Corner stapling (diagonal) Corner stapling (parallel) <sup>3</sup> Two-point stapling (parallel) <sup>3</sup>	Thin/normal (52 – 90g/m2): 50 she (91 – 120g/m2): 30 sheets Extra th 209g/m2): 15 sheets	eeEhm/dormal (52 – 90g/m2): 50 she ick91,21 120g/m2): 30 sheets Extra thi 209g/m2): 15 sheets	eets Thick ck (121 -Max. 50 sheets *4 (52 – 90g/m2)	-
Saddle stitching (booklet) & folding	Booklet Centre-fold Tri-fold	-	Max. 20 sheets	-	-
Punching	Two-hole punch Upper two-hole punch	Punch kit PK-520 (up to 300g/m2)	Punch kit PK-520 (up to 300g/m2)	Punch kit PK-519 (up to 157g/m2)	-

<sup>\*1</sup> Paper output to the main body is possible. Up to three output destinations can be set. \*2 Relay unit RU-513 is required. \*3 Parallel stapling is only compatible with A3, A4/B5 vertical and A4/A5 horizontal on F5-534/F5-5345D.

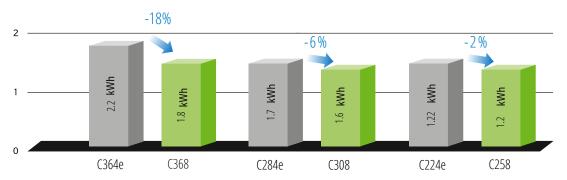

<sup>\*4</sup> Diagonal corner stapling is not possible.

### Minimal environmental impact

#### Low power consumption

bizhub C368/C308/C258 minimises energy use during normal operation. It easily clears the latest Energy StarP rogram TEC standards and reduces both CO2 emissions and TCO.

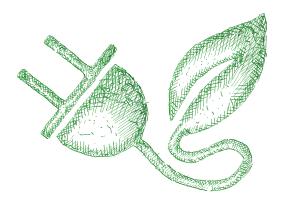

#### TEC values (kWh)

<sup>\*</sup>Values for 220-240 V

#### Sleep mode

bizhub C368/C308/C258 automatically switches to sleep mode after a user-defined period of inactivity. This mode reduces power consumption to a mere 0.5W by cutting off power to the CPU. When users want to use bizhub C368/C308/C258 again, it switches back to full power in seconds.

#### Eco-friendly materials

Approximately 7 8% of the outer surfaces and 25% of the weight of resin parts consist of recycled materials.

This includes PC/PET developed by Konica Minolta using advanced chemical processing technology.
70% of PC/PET on surfaces within the unit is PCR (post-consumer recycled).

<sup>\*</sup>TEC values applied to the International Energy Star Program Version 2.0
